

Upcoming Opportunities for KIDS Trainings at the DuPage Regional Office of Education

Efficient Data Collection and Organization for KIDS (September 6, 2018)

Join your KIDS Regional Coach, Kim Maville, for a practical, informal planning session for embedding the KIDS Assessment in your first 40 days of kindergarten. The goal is to plan for how to group together measures for efficient data collection and map out the measures over the first 8 weeks of school. Examples of efficient data collection will be shown and expanded on by the group. This will be a half-day session. Participants may choose from morning session (8:30-11:30 AM) or afternoon session (12:30 PM - 3:30 PM). Target Audience: Teachers, coaches, administrators.

Register [HERE](#) course# OW111 Session# 001 morning or Session# 002 afternoon.

Using Data from KIDS for Instructional Planning (October 18, 2018)

This professional development session will focus on how to pull reports from KIDStech and use KIDS data for planning instruction in the classroom. This will be an all day session (8:00 AM - 3:30 PM). Target Audience: Teachers, coaches, administrators.

Register [HERE](#) course# OW112 Session# 001.

What to look for in a Developmentally Appropriate Classroom, Aligned to Danielson Framework. (September 14, 2018)

This one-hour webinar will focus on what leaders and coaches would observe in a developmentally appropriate classroom that is aligned to the components of the Danielson Framework. (1:00 PM- 2:00 PM). Target Audience: Coaches and administrators

Please refer to ISBE website for additional KIDS professional development opportunities.
