TUESDAY TIMES

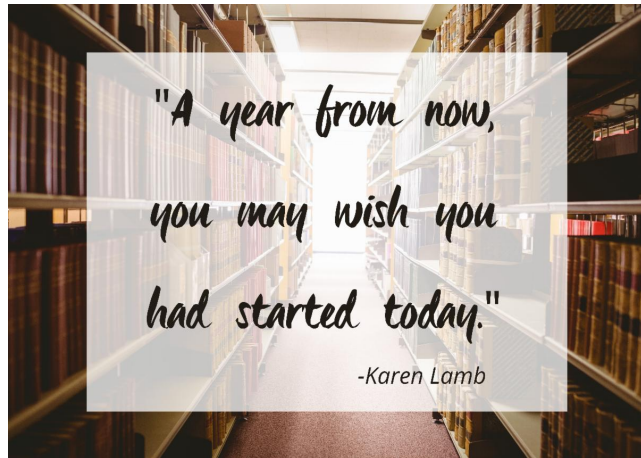

A resource for professional development and news for DuPage County Educators

Thanks for taking the time to read this edition of the Tuesday Times.

There are so many things beyond our control right now: *What will school look like in the fall? Will a vaccine be developed? Will loved ones suffer from COVID-19? How long will the shelter-in-place last? How will our economy and personal finances fare?*

We don't know the answers, and that can make us feel like things are spiraling out of our control. But there are a lot of things we can control. Today might be a good day to make a list of those things, and perhaps get started on a new exercise routine, a new healthy habit, a new way of thinking, or being purposeful about getting the rest your body needs.

Our students need us. They need us to be strong leaders during this uncertain time. We may not enjoy being cast into that role, and it may be uncomfortable, but we are stronger than we think! Take care of yourself this week ... so you can in turn take care of those entrusted to you.

FEATURED LEARNING OPPORTUNITIES

20/20

The DuPage ROE is excited to launch a new project to meet the growing, unique learning needs of administrators, teachers, and paraprofessionals during this time. During the month of May, choose from 20 different online professional development sessions for only \$20 each. Each session includes two hours of professional development/continued credit hours. Check out the flyer [here](#). Registration closes three business days prior to the session.

Surviving and Thriving in the Face of Crisis, Part 4

The DuPage ROE and District 41, along with Franzcek Law Firm and Dr. Nancy Zarse, present Part 4 in a series on how to survive and thrive during a crisis. This video presentation focuses on self care and emotional well being. Click [here](#).

WAIT for Middle and High School Students: June 2, 2020

This overview training of Washington Aggression Intervention Training will introduce cognitive-behavioral interventions designed to assist youth with aggression, reduce anti-social behaviors, and offer an alternative of prosocial skills. For more information, click [here](#).

Trauma Training for Special Education: June 8-9, 2020
