

We are excited to announce the collaboration between the United States Department of Education, National Board, ASCD the Illinois Teacher Leadership Network and DKG-Illinois to hold the second Illinois Powered by Teach to Lead Summit. The Illinois Summit is a great opportunity for teachers to develop concrete plans to solve local problems in their districts and network with other teachers in the state. It is a unique opportunity for teachers to spotlight groundbreaking teacher-led work happening across the state of Illinois. Please take a few minutes to watch the Powered by Teach to Lead video. You are welcome to share the attached application/survey with teachers who you know are interested in actionable teacher leadership. It is open to all public and private schools and to colleges and universities. The Illinois Summit will take place on April 19 and 20, 2018 in Wheaton Illinois. Thursday, April 19, 2018 will be a meeting from 12:30 p.m. to 4:00 p.m. where schools will hear about what teacher leadership looks like at the national and local levels. Friday, April 20, 2018 from 8:00 a.m. to 3:30 p.m. teams will work together to resolve problems. This event will take place prior to the Lambda State Convention so it will be a wonderful opportunity for you to participate in this if your team is chosen and to stay and attend the great Lambda State Convention.
